Craig, I've recently been appointed as Northern Region Chief of ROW so its my turn to follow up on this project. John Miller is still with the department but has moved on to the Construction section. I'm not sure whether you are still involved with this opinion, and if you are not, perhaps you can point me in the right direction. A request for an AGO opinion on the status of the McCarthy road was initiated in 1995. The most recent statement that we are still interested in an answer was sent from our Commissioner to the Dept of Law in February of this year. I realize that it was bumped a few times due to priority projects, however, our Regional Director has requested that I continue to pursue an answer. Any information will be appreciated. Thanks, JohnB
