

MEMORANDUM

State of Alaska

TO: David S. James
District Right of Way Agent
Anchorage

DATE: August 31, 1966

FILE NO: 23-2915

SUBJECT: Project S-0580(5) Palmer to Fishhook
" S-0530(1) Muldoon Line Change

FROM: Joseph O. Arns
Highway Engineering Assistant III
Anchorage

In checking as to dates of staking and/or construction of the existing roads on the above mentioned project: I talked to Pete Bagoy, Maintenance Foreman of Palmer, and he gave me the following information:

Palmer Fishhook from Palmer to the junction (Fishhook connection Road) was constructed in 1930 and completed in 1932. That portion from Knik to Fishhook was built in 1911.

The Muldoon Line Change affected the existing road only at the beginning and end of the project. The original Tudor and Muldoon Road was constructed in 1952 and completed in 1953.

Joseph O. Arns
