Mr. Curtis McVee
State Director
Bureau of Land Management
State Office
555 Cordova Street
Anchorage, Alaska 99501

Dear Mr. McVee:

I refer to your letter of October 20, 1975, in which you asked for construction drawings of the Yukon - Prudhoe Bay Highway.

As indicated in letters to you from then Commissioner Bruce A. Campbell dated October 10, 1972, and May 8, 1974, the Yukon River - Prudhoe Bay Highway is being constructed by the State of Alaska under RS 2477 and in accordance with that statute the Department of Highways will submit to the Bureau of Land Management a set of "As Built" plans when the highway has been completed by our contractor and accepted by the Department of Highways.

Yours very truly,

Woodrow Johansen
Interior District Engineer
