**U.S. SURVEY
No. 7401, ALASKA
SUPPLEMENTAL PLAT**

This supplemental plat of U.S. Survey No. 7401, showing the subdivision of original Lot 10 into Lots 15 and 16, is based upon the plat of U.S. Survey No. 7401, Alaska, accepted April 23, 1990.

CURVE
 $\Delta = 32^\circ 34'$
 $R = 4.00$
 $L.C. = N. 54^\circ 22' W. 2.74$

CURVE
 $\Delta = 23^\circ 32'$
 $R = 9.08$
 $L.C. = N. 56^\circ 53' W. 3.70$

Acceptance of this survey does not purport to transfer any interest in submerged lands to which the State of Alaska is entitled under the Equal Footing Doctrine and Section 6(m) of the Alaska Statehood Act, P.L. 85-508, notwithstanding the use, location, or absence of meander lines to depict water bodies.

UNITED STATES DEPARTMENT OF THE INTERIOR
 BUREAU OF LAND MANAGEMENT
 Anchorage, Alaska

This supplemental plat is based upon the official records and, having been correctly prepared in accordance with the regulations of this Bureau, is hereby accepted.

**U.S. SURVEY
No. 7401, ALASKA**

SUBDIVISION OF LOT 7
INTO LOTS 17 AND 18

This plat contains the entire survey record.

U.S. Survey No. 7401 was surveyed by Eric Stahlke in 1988.

The Second Standard Parallel South, along the North boundary and the West boundary of Township 9 South, Range II East, Kateel River Meridian, were surveyed by Richard P. Troeger, for ABC Surveys Ltd., in 1976.

This survey was executed by Joseph C. Burch, Registered Alaska Land Surveyor No. LS-2237, for the Department of the Air Force, May 28, 1996 through June 2, 1996, in accordance with the specifications set forth in the Manual of Surveying Instructions, 1973, Special Instructions dated November 2, 1987, and approved February 11, 1988, and Supplemental Special Instructions dated May 9, 1996, and approved May 10, 1996, and Assignment Instructions dated May 21, 1996. Field Assistants were:

Lisa A. Voss, Engineering Technician, U.S.A.F.
Richard A. Tahinen, Engineering Technician, U.S.A.F.
John J. Molinaro, Engineering Technician, U.S.A.F.

The azimuth was obtained from direct observations of the sun, using the hour angle method, and refers to the true meridian.

The geographic position of corner No. 2, Lot 18, as determined from U.S. Survey No. 7401, Alaska, is:

Latitude: 64°41'20.00" North
Longitude: 156°42'00.00" West
(NAD 27)

The mean magnetic declination was taken from U.S. Geological Survey quadrangle map "Nulato (C-2)," Alaska, 1953 edition, with minor revisions in 1963.

All remaining corners of original Lot 7, not revisited during this subdivision, will be designated as corners of Lot 18, with no marks added.

This survey is situated on the right bank of the Yukon River approximately 6 miles southeast of Galena, within Township 9 South, Range II East, Kateel River Meridian, Alaska.

The land is gently rolling and vegetated with birch, spruce, larch, and willow. Permafrost lies approximately 8 to 12 inches below the surface in tree covered areas.

Acceptance of this survey does not purport to transfer any interest in submerged lands to which the State of Alaska is entitled under the Equal Footing Doctrine and Section 6(m) of the Alaska Statehood Act, P.L. 85-508, notwithstanding the use, location, or absence of meander lines to depict water bodies.

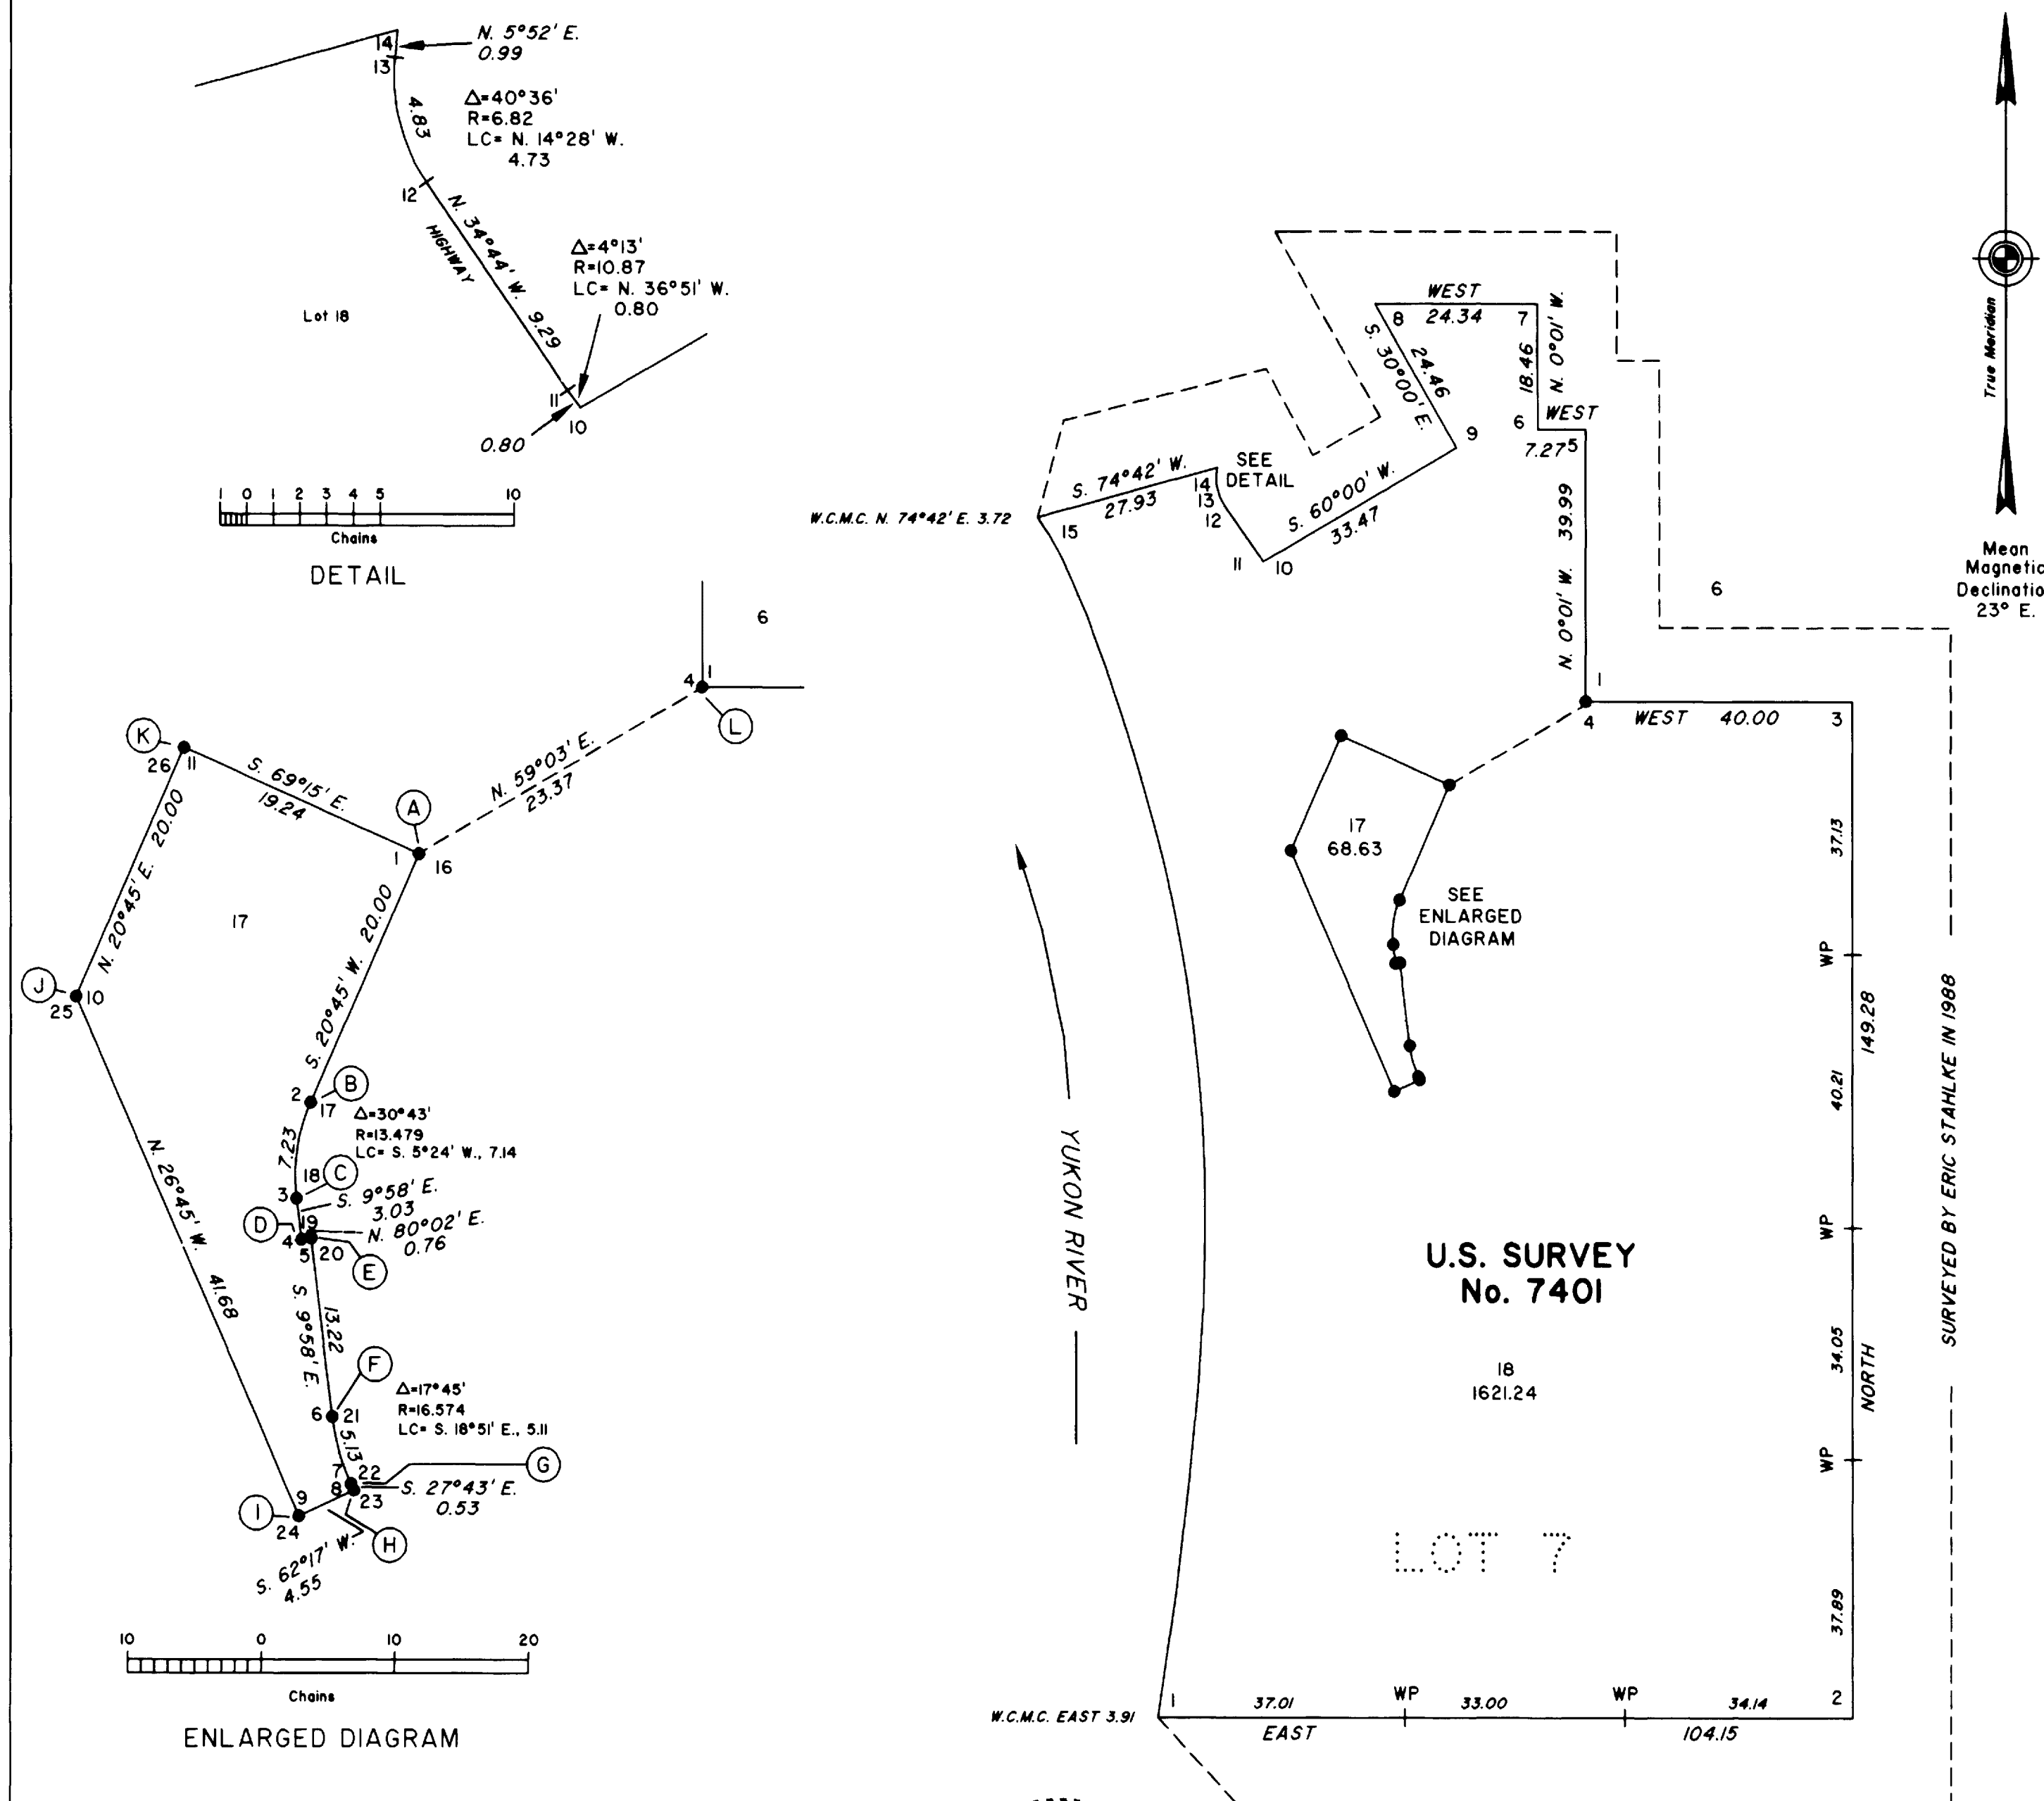

UNITED STATES DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
Anchorage, Alaska

The survey represented by this plat, sheets 1 and 2, having been correctly executed in accordance with the requirements of law and the regulations of this Bureau, is hereby accepted.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 26 ins. in the ground, with alum. cap mkd. as shown, from which

A larch, 4 ins. diam., bears S. 32° W., 30 lks. dist., mkd. X BT.

A larch, 5 ins. diam., bears N. 61° W., 42 lks. dist., mkd. X BT.

Deposit a magnet in a white plastic case at the base of the alum. post.

Drive an orange carsonite post, 6 ft. long, 2 1/2 ins. wide, 18 ins. in the ground, alongside the monument.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 24 ins. in the ground, with alum. cap mkd. as shown, from which

A birch, 8 ins. diam., bears S. 18° E., 23 lks. dist., mkd. C5 L17 S7401 BT.

A birch, 4 ins. diam., bears S. 38° W., 27 lks. dist., mkd. X BT.

Deposit a magnet in a white plastic case at the base of the alum. post.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 26 ins. in the ground, with alum. cap mkd. as shown, from which

A magnet, in a metallic silver plastic case, bears N. 35° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent purple plastic case, bears S. 55° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent blue plastic case, bears S. 35° W., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent orange plastic case, bears N. 55° W., 2.3 lks. dist., 12 ins. below ground.

Deposit a magnet in a white plastic case at the base of the alum. post.

Drive an orange carsonite post, 6 ft. long, 2 1/2 ins. wide, 18 ins. in the ground, alongside the monument.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 28 ins. in the ground, with alum. cap mkd. as shown, from which

A magnet, in a metallic silver plastic case, bears N. 35° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent purple plastic case, bears S. 55° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent blue plastic case, bears S. 35° W., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent orange plastic case, bears N. 55° W., 2.3 lks. dist., 12 ins. below ground.

Deposit a magnet in a white plastic case at the base of the alum. post.

Drive an orange carsonite post, 6 ft. long, 2 1/2 ins. wide, 18 ins. in the ground, alongside the monument.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 26 ins. in the ground, with alum. cap mkd. as shown, from which

A spruce, 11 ins. diam., bears N. 78° E., 48 lks. dist., mkd. C10 L17 S7401 BT.

A spruce, 8 ins. diam., bears N. 27° W., 16 lks. dist., mkd. C10 L17 S7401 BT.

Deposit a magnet in a white plastic case at the base of the alum. post.

Drive an orange carsonite post, 6 ft. long, 2 1/2 ins. wide, 18 ins. in the ground, alongside the monument.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 26 ins. in the ground, with alum. cap mkd. as shown, from which

A spruce, 4 ins. diam., bears S. 61° W., 21 lks. dist., mkd. X BT.

A birch, 6 ins. diam., bears N. 59° W., 9 lks. dist., mkd. C2 L17 S7401 BT.

Deposit a magnet in a white plastic case at the base of the alum. post.

Drive an orange carsonite post, 6 ft. long, 2 1/2 ins. wide, 18 ins. in the ground, alongside the monument.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 30 ins. in the ground, with alum. cap mkd. as shown, from which

A magnet, in a metallic silver plastic case, bears N. 17° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent purple plastic case, bears S. 73° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent blue plastic case, bears S. 17° W., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent orange plastic case, bears N. 73° W., 2.3 lks. dist., 12 ins. below ground.

Deposit a magnet in a white plastic case at the base of the alum. post.

Drive an orange carsonite post, 6 ft. long, 2 1/2 ins. wide, 18 ins. in the ground, alongside the monument.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 24 ins. in the ground, with alum. cap mkd. as shown, from which

A birch, 8 ins. diam., bears S. 28° E., 55 lks. dist., mkd. C11 L17 S7401 BT.

A birch, 8 ins. diam., bears S. 49° W., 38 lks. dist., mkd. C11 L17 S7401 BT.

Deposit a magnet in a white plastic case at the base of the alum. post.

Drive an orange carsonite post, 6 ft. long, 2 1/2 ins. wide, 18 ins. in the ground, alongside the monument.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 24 ins. in the ground, with alum. cap mkd. as shown, from which

A magnet, in a metallic silver plastic case, bears N. 35° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent purple plastic case, bears S. 55° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent blue plastic case, bears S. 35° W., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent orange plastic case, bears N. 55° W., 2.3 lks. dist., 12 ins. below ground.

Deposit a magnet in a white plastic case at the base of the alum. post.

Drive an orange carsonite post, 6 ft. long, 2 1/2 ins. wide, 18 ins. in the ground, alongside the monument.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 24 ins. in the ground, with alum. cap mkd. as shown, from which

A magnet, in a metallic silver plastic case, bears N. 35° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent purple plastic case, bears S. 55° E., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent blue plastic case, bears S. 35° W., 2.3 lks. dist., 12 ins. below ground.

A magnet, in a fluorescent orange plastic case, bears N. 55° W., 2.3 lks. dist., 12 ins. below ground.

Deposit a magnet in a white plastic case at the base of the alum. post.

Drive an orange carsonite post, 6 ft. long, 2 1/2 ins. wide, 18 ins. in the ground, alongside the monument.

Found an iron post, 2 1/2 in. diam., projecting 6 ins. above ground, with brass cap mkd. S7401 L6 C1 1988, add marks to read as shown.

Original accessories were not recovered.

Set an alum. post, 30 ins. long, 2 1/2 ins. diam., 24 ins. in the ground, with alum. cap mkd. as shown, from which

A birch, 3 ins. diam., bears N. 38° E., 19 lks. dist., mkd. X BT.

A birch, 6 ins. diam., bears West, 45 lks. dist., mkd. C4 L17 S7401 BT.

Deposit a magnet in a white plastic case at the base of the alum. post.

IN THE STATE OF ALASKA.

EXECUTED BY:

Eric Stahlke, Registered Alaska Land Surveyor No. LS-6945

Under Special Instructions dated November 2, 1987, approved February 11, 1988, and Contract No. YA551-CT8-340034, awarded April 25, 1988, which provided for the surveys included under U.S. Survey Number 7401, and Notice to Proceed dated May 18, 1988.

Survey commenced: May 29, 1988

Survey completed: July 5, 1988

U.S. Survey No. 7401

CHAINS

The following field notes are those of U.S. Survey No. 7401, comprising Lots 1 through 4, and Lots 6 through 14.

U.S. Survey No. 2627 was surveyed by F.W. Willimson, Cadastral Surveyor, in 1946 and subsequently subdivided as U.S. Survey No. 6664 by Harold D. Corbin and Richard D. Bradley, Cadastral Surveyors, in 1980-84. U.S. Survey No. 6664 was then subdivided by Eric Stahlke under contract No. YA551-CT8-340034 in 1988.

U.S. Survey No. 7446 was surveyed by Richard D. Bradley, Cadastral Surveyor, in 1983.

U.S. Survey No. 7453 was surveyed by Richard D. Bradley, Cadastral Surveyor, in 1983.

The north and west boundaries of Township 9 South, Range 11 East, Kateel River Meridian, were surveyed by Richard P. Troeger for ABC Surveys, Ltd., in 1976.

This survey was executed in accordance with the specifications set forth in the Manual of Surveying Instructions, 1973, Special Instructions dated November 2, 1987, approved February 11, 1988, and contract No. YA551-CT8-340034, awarded April 25, 1988.

The azimuth was obtained from National Geodetic Survey triangulation stations "MUELLER 1950" and "LEWIS 1942", and refers to the true meridian.

The geographic position of corner No. 2, Lot 7 as determined from a tie to National Geodetic Survey triangulation station "MUELLER 1950", is:

Latitude: 64° 41' 20.00" North
Longitude: 156° 42' 00.00" West NAD 27

The observed magnetic declination is 22 1/2° East.

PRELIMINARY STATEMENT

Prior to the execution of this survey it was necessary to retrace a portion of line 5-6, Lot 6, U.S. Survey No. 6664. The record of this retracement is incorporated in the body of these notes.

Lot 1, U.S. Survey No. 7401, Alaska

CHAINS

LOT 1

Beginning at the point for cor. No. 1, Lot 1, identical with cor. No. 2, Lot 2, cor. No. 2, Lot 3, and cor. No. 1, Lot 4, U.S. Survey No. 7401.

Set an iron post, 28 ins. long, 2 1/2 ins. diam., 26 ins. in the ground, with brass cap mkd.

from which

A birch, 4 ins. diam., bears S. 66 1/2° W., 24 lks. dist., mkd. X BT.

A spruce, 4 ins. diam., bears S. 9 1/2° W., 29 lks. dist., mkd. X BT.

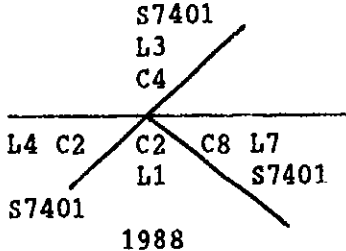

Bury a clear DEEP-1 magnet at the base of the iron post.

N. 60° 00' E., on line 1-2, Lot 1, identical with line 1-2, Lot 4.

Over level ground, through spruce with alder and willow undergrowth.

- 1.30 Right bank of Beaver Creek, 18 ft. high, bears S. 45° E. and N. 45° W., course S. 45° E.
- 2.33 Left bank of Beaver Creek, 18 ft. high, bears S. 45° E. and S. 45° W.
- 5.88 Left bank of Beaver Creek, 10 ft. high, bears N. 79° E. and S. 79° W., course S. 79° W.
- 6.78 Right bank of Beaver Creek, 10 ft. high, bears N. 79° E. and S. 79° W.

7

Lot 1, U.S. Survey No. 7401, Alaska

CHAINS

Set an iron post, 28 ins. long, 2 1/2 ins. diam., 25 ins. in the ground, with brass cap mkd.

from which

A silver DEEP-1 magnet bears N. 28° E., 15 lks. dist., 18 ins. below ground.

A pink DEEP-1 magnet bears S. 43° E., 15 lks. dist., 18 ins. below ground.

Bury a clear DEEP-1 magnet at the base of the iron post.

N. 5° 52' E., on line 7-8, Lot 1, identical with line 13-14, Lot 7, along the northeasterly right-of-way of the Galena-Campion Highway.

Over level ground, through tussocks with small birch, willow, and alder.

0.99

Point for cor. No. 8, Lot 1, identical with cor. No. 4, Lot 2, and cor. No. 14, Lot 7, on the northeasterly right-of-way of the Galena-Campion Highway.

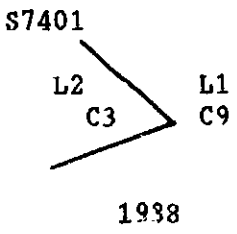

Set an iron post, 28 ins. long, 2 1/2 ins. diam., 26 ins. in the ground, with brass cap mkd.

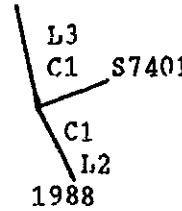

from which

A silver DEEP-1 magnet bears N. 19 1/2° E., 15 lks. dist., 18 ins. below ground.

U. S. Survey No. 7401, Alaska

CHAINS

General Description

This survey is located on the right bank of the Yukon River approximately 6 miles southeast of Galena, Alaska. Beaver Creek winds through Lots 1, 2, 3, 4, 7, and 11.

Vegetation varies from birch and spruce forest with alder and willow undergrowth to tussock-covered tundra with scattered spruce and birch.

Soils are silt in the forested areas and silt and peat in the tussock areas. Some areas of permafrost were observed during the survey.

Improvements consist of cabins and cabin ruins within Lot 9 and a gravel airstrip and 3 steel tanks within Lot 7.

The Galena-Campion Highway, whose right-of-way separates a group of lots on the west side of the survey, continues through Lot 7 and exits on its south boundary. A gravel access road within Lot 7 runs from the highway to the confluence of the Yukon River and Beaver Creek .

Access is via the highway from Galena, or by riverboat on the Yukon River.

U. S. Survey No. 7401, Alaska

CERTIFICATE OF SURVEY

I, Eric Stahlke, for Design Alaska, Inc./Roen Design Associates, Inc., Joint Venture, HEREBY CERTIFY upon honor that, in pursuance of special instructions bearing date of the 2nd day of November, 1987, and under contract No. YA551-CT8-340034 bearing date of the 25th day of April, 1988, I have surveyed U.S. Survey No. 7401, comprising Lots 1 through 4 and 6 through 14, situated on the right bank of The Yukon River, approximately 6 miles southeast of Galena, in the State of Alaska, which are represented in the foregoing field notes as having been executed by me, and under my direction: and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in the specific manner described in the foregoing field notes.

EXECUTED BY

Melinda R. Hood, Cadastral Surveyor

Under Supplemental Special Instructions No. 2, dated July 29, 2013, approved August 6, 2013, which provided for the surveys included under U.S. Survey No. 7401, and assignment instructions dated August 7, 2013.

Survey commenced: August 8, 2013

Survey completed: August 16, 2013

U.S. Survey No. 7401, Alaska

Chains

U.S. Survey No. 7401, comprising Lots 1 through 4, and Lots 6 through 14, was surveyed by Eric Stahlke, Registered Alaska Land Surveyor No. 6945, under contract, in 1988.

U.S. Survey No. 7401, the subdivision of Lot 7 into Lots 17 and 18, was surveyed by Joseph C. Burch, Registered Alaska Land Surveyor No. 2237, for the Department of the Air Force, in 1996.

The following field notes describe U.S. Survey No. 7401, and the dependent resurvey and subdivision of Lot 18 into Lots 19 through 24, within Township 9 South, Range 11 East, of the Kateel River Meridian, Alaska.

This survey was executed in accordance with the specifications set forth in the Manual of Surveying Instructions (2009), and Supplemental Special Instructions No. 2 for U.S. Survey No. 7401, Alaska, dated July 29, 2013, and approved August 6, 2013.

The direction of each line was determined from the Global Positioning System (GPS) and is referenced to the true meridian. All bearings are mean bearings. The distances are reported as horizontal measurements at sea level.

Preliminary to the resurvey, the lines of the prior surveys were retraced and a diligent search was made for all evidence of the original corners and other calls of record. The retracement data were thoroughly verified, and only the true line field notes are given herein.

The geographic position of the witness corner to corner No. 1, Lot 23, a meander corner, in NAD83 (2011), epoch 2010.00, as determined by GNSS observations, utilizing the National Geodetic Survey Online Positioning User Service (OPUS), to a Network Accuracy with a peak to peak separation for each component of the computed position, of less than or equal to 0.05 meters, semi-major axis 95% error ellipse, as defined in Standards for the Positional Accuracy of Cadastral Surveys When Using Global Navigation Satellite Systems (GNSS), dated February 23, 2009, is:

Latitude: 64° 41' 17.728" N. Longitude: 156° 44' 40.924" W.
NAD 83

The mean magnetic declination was not observed.

 Preliminary Statement

The bearings and distances between corners are omitted from these field notes and are shown only on the plat. Corner descriptions are referenced from the plat to the body of these notes using a letter designator.

U.S. Survey No. 7401, Alaska

Chains

All corners of original Lot 18 were designated as corners of Lots 19 through 24, with no marks added to the cap.

All corners, unless noted otherwise, are monumented with a stainless steel rod, 9/16 in. diam., 30 ins. long, 30 ins. in the ground, with brass cap, 1 1/2 ins. diam., with typical cap mkd.:

2013

No accessories were taken at these cors.

A

The witness cor. to cor. No. 1, Lot 18, a meander cor., monumented with an iron post, 2 1/2 ins. diam., firmly set, flush with the ground, with brass cap mkd. WC S7401 L7 C1 MC 1988, and an arrow pointing to the true point, from which the original bearing trees

A spruce, 12 ins. diam., bears N. 30° E.,
20 lks. dist., with fully healed blazes.
(Record: N.25° E.)

A spruce, 12 ins. diam., bears S. 33° E.,
24 lks. dist., with fully healed blazes.
(Record: S. 35 3/4° E.)

This witness cor. now becomes the witness cor. to cor. No. 1, Lot 23, a meander cor.

From this point, the true point for cor. No. 1, Lot 18, a meander cor., which now becomes the true point for cor. No. 1, Lot 23, a meander cor., bears S. 89°59' W., 3.91 chs. dist., on the right bank of the Yukon River, at the line of ordinary high water, not monumented due to the liability of destruction by ice and water action.

B

The witness point on line 1-2, Lot 18, monumented with an iron post, 2 1/2 ins. diam., firmly set, flush with the ground, with brass cap mkd. WP S7401 L7 1988, from which the original bearing trees

General Description			
This survey is situated approximately 8 miles southeast from Galena, Alaska.			
The land consists of birch and spruce forest with alder and willow undergrowth to tussock covered tundra with scattered spruce and birch.			
The soil varies from frozen silt to peat.			
The Galena-Campion Highway, whose right-of-way separates Lots 1, 17, 20, 21, 23, and 24 of this survey, continues through Lot 22 and exits on its south boundary.			
Access to the survey was by automobile and foot.			

CERTIFICATE OF SURVEY

114

I, Melinda R. Hood, Cadastral Surveyor, HEREBY CERTIFY upon honor that, in pursuance of Supplemental Special Instructions No. 2 bearing date of the 29th day of July, 2013, I have dependently resurveyed and subdivided Lot 18 into Lots 19 through 24, U.S. Survey No. 7401, situated on the right bank of the Yukon River, approximately 8 miles southeast of Galena, within Township 9 South, Range 11 East, Kateel River Meridian, in the State of Alaska, which are represented in the foregoing field notes as having been executed by me and under my direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Surveying Instructions (2009), and in the specific manner described in the foregoing field notes.

9/30/13

(Date)

Melinda R. Hood

(Cadastral Surveyor)

CERTIFICATE OF APPROVAL

BUREAU OF LAND MANAGEMENT
Anchorage, Alaska

The foregoing field notes of the dependent resurvey and subdivision of Lot 18 into Lots 19 through 24, U.S. Survey No. 7401, situated on the right bank of the Yukon River, approximately 8 miles southeast of Galena, within Township 9 South, Range 11 East, Kateel River Meridian, Alaska, executed by Melinda R. Hood, Cadastral Surveyor, having been critically examined and found correct, are hereby approved.
