ARC ORDER NO. 40, Supplement No. 1

Subject: Numbering System for Alaska Roads

Sheets 4 to 12 inclusive, of ARC Order No. 40 dated February 6, 1951, are revoked in their entirety and the attached sheets are to be substituted therefor.

The revised sheets have been compiled from data received from the various districts and reflect the district changes and recommendations as well as such changes as deemed advisable by Headquarters.

As changes have occurred either in route numbers or mileage in all districts, it is requested that the revised sheets be reviewed carefully by District Personnel and any errors or omissions reported to Headquarters on a marked copy of the revised sheets, together with comments, not later than October 15, 1952. Negative reports are requested if no corrections are required.

Further, it is desired that revised mileages reflecting the changes due to construction during the current season together with names of new roads be submitted to Headquarters by December 1, 1952. This report may also be made on a marked copy of the revised sheets.

All route numbers will continue to be assigned by Headquarters although District recommendations as to the grouping of new roads in the system or changes in the present grouping should be noted in the two reports requested above.
