**AFFIDAVIT OF COSSETTE L. KIMMEL
REGARDING THE RECORDED CONTRACTUAL OBLIGATIONS
AND PRIOR KNOWLEDGE OF PRIVATE ROADWAY EASEMENTS
BY US AND ALL PURCHASERS AT FRONTIER'S 1974 LAND AUCTIONS**

I, COSSETTE L. KIMMEL, being first sworn on oath, of adult age, competent, and upon personal and direct knowledge, testify as follows, regarding homesteads on Chena Hot Springs Road (hereinafter "CHSR"), recorded auction Real Estates Contracts and recitations therein to pre-published reservations of private, perpetual, non-exclusive roadway easements, which were well known throughout the local community, and their identical private GRANT OF ACCESS EASEMENT¹ recorded November 29, 1974 at Book 47 Page 454-455 to all successors-in-interest of the former Eldridge B. Walker homestead, Patent² No. 1234207, recorded December 10, 1963, at Book 161 Page 41, all in the Fairbanks Recording district, Fourth Judicial District, State of Alaska, in the Fairbanks North Star Borough (hereinafter "FNSB").

- T. 1 N., R. 4 E., Fairbanks Meridian, Alaska
- Sec. 28: S1/2 SW1/4 SW1/4 SW1/4;
- Sec. 29: S1/2 S1/2 SE1/4 SW1/4, and SE1/4 SW1/4 SE1/4;
- Sec. 32: E1/2 NE1/4, and E1/2 E1/2 W1/2 NE1/4;
- Sec. 33: W1/2 W1/2 NW1/4.

1. Donald C. Kimmel, who became my husband, came to the CHSR area in 1953 and filed two homestead entries, the second on which he got his 80-acre patent. Our former spouses were cousins. I came to the area in 1957.
2. For decades Donald and I lived at various homesteads and locations on CHSR, where right-of-ways are often pivotal issues. Thus we were knowledgeable of and/or involved in the activities and developments summarized here.
3. We last lived on the two subject tracts, now known as Tax Lots 3318 and 3353 abutting Grange Hall Road at about 20.5 mile CHSR, from about 1975 until 1998 ^{then 1999} ~~when~~ we sold out to our next-door neighbors of nine years, GEORGE W. LUKER and JI-LU HOU LUKER (hereinafter "Lukers").

¹ Attached as Exhibit "7" hereto.
² Attached as Exhibit "11" hereto.

When recorded, return original to Valerie Therrien, attorney at law, 779 8th Avenue, Fairbanks, AK 99701-4401.

4. Dwane J. and/or Patricia Sykes (hereinafter "Sykes") had purchased the entire Walker homestead (recorded April 14, 1973, at Book 73 Page 360) then sold it to their Frontier International Land Corporation's (hereinafter "Frontier", on August 14, 1974, recorded at Book 282 Page 72), partitioned for sale and auction into 2.5- or 5-acre parcels via official FNSB Waivers of Subdivision Requirements.
5. In 1974, through virtually daily local newspaper and radio advertisements we---and the other auction attendees---became aware of Frontier's Public Land Auctions held on or about September 28, 1974, at the Traveler's Inn, and November 30, 1974, at the Tanana Valley Sportsmen's Lodge in Fairbanks, Alaska
6. We, as did the other auction attendees, particularly noted and relied upon the land and easements maps as detailed in Frontier's four-page Auction Map Tabloid published in the Fairbanks Daily News Miner, on Thursday, September, 19, 1974, at pages A-1 thru A-4, and thereafter; a copy is attached and incorporated herein as Exhibit "1" and referred to hereinafter as the "September, 19, 1974, Auction Map Tabloid".
7. Said September 19, 1974, Auction Map Tabloid emphasized that:

lk
I still have my own original copy from the newspaper

"Every subdivided parcel has been cleared through and approved by the FNSB... Every tract has power and utility access provided and recorded, though not shown on maps. ... **Every parcel has legal road right-of-way access provided, as indicated on maps....** Prospective bidders are encouraged to personally inspect the parcels in advance....

For references contact Bill Stroker, Pres., First National Bank of Fairbanks; Judge Vernon D. Forbes, Pres., Mt. McKinley Savings Bank; or Bill Allen, Alaska National Bank."

8. Of particular interest to my husband and I, near the bottom of page A-3 of said September 19, 1974, Auction Map Tabloid is the subject map #7 of (most of) that former Walker homestead, showing ingress and egress roadway easements to, from and between CHSR at about 20 to 20.5 mile; it shows "66' R.O.W" upon section lines, i.e., 33 feet on each side of the common section lines of Sections 29, 28, 32 and 33, T1N, R4E, F.M., plus "30' R.O.W" easements 30 feet wide on all other roadway easements not imposed upon the section lines, all from Grange Hall Road to, through and for the 31 parcels of the parent homestead property and on to Pheasant Farm Road; said map #7 is referred to hereinafter as the subject "Easement Map #7 from Grange Hall Road" (said Map #7 later was denoted as Exhibit "A" in the subsequently recorded subject Sykes GRANT OF ACCESS EASEMENT³).
9. Other newspaper ads, property easement maps, radio advertisements, etc., ran virtually daily in September-November of 1974, many of which again included the subject Easement Map #7 from Grange Hall Road. They further cite that additional copies of the subject September, 19, 1974, Auction Map Tabloid are also publicly available at Borealis Book, Travelers Inn, College Inn Grocer, Fbks. Auction Barn or by writing P. O. Box 80987. A small example of such newspaper ads are shown in Exhibit "2".

³ Attached as Exhibit "7" hereto.

lk

10. In reliance upon the above-said advertisements, particularly upon the subject September 19, 1974, Auction Map Tabloid, my husband and I attended both auctions, and together with friends purchased parcels at both auctions.
11. For example, at the September 28, 1974, public land auction at the Travelers Inn, posted on several large bulletin boards around the hall were several additional copies of the subject News Miner September, 19, 1974, Auction Map Tabloid which contains at page 3 the subject Easement Map #7 from Grange Hall Road properties at 20.5 Mi. CHSR.
12. Before the auction began, the auctioneer from Hess Real Estate Auctioneers first explained that the subject September, 19, 1974, Auction Map Tabloids, posted about the hall, defined the rights and obligations of all auction bidders and purchasers as to utility, vehicle access and roadway easements, and should be carefully studied before any bidding; the hundreds of auction attendees had every opportunity to and/or did study these property and easement maps.
13. The auctioneer (and perhaps also an attorney) again emphasized that each and every property shown on the subject posted and pre-published September, 19, 1974, Auction Map Tabloid:
 - a. had been approved by the Fairbanks North Star Borough via either a formal subdivision or by a Waiver of Subdivision Requirements,
 - b. and emphasized that said Borough approval required---as did Frontier, the auction seller itself---that each and every property offered for sale had the benefit of and was subject to the burden of easements for perpetual, mutual, non-exclusive ingress and egress to and from the various public roadways as shown on the respective parent maps of the said September, 19, 1974, Auction Map Tabloid, and likewise as to power easements to and over every tract.
 - c. and further emphasized that each auction purchaser as well as all their heirs, assigns, subsequent purchasers and successors in interest were likewise bound by the perpetual roadway easements, rights, enjoyments and obligations and also for allowing all other purchasers and successors to enjoy that same non-exclusive use and enjoyment and access through and over each easement as shown on the respective parent-maps of said September, 19, 1974, Auction Map Tabloid.
 - d. and read the note at the bottom of page A-3 of the September, 19, 1974, Auction Map Tabloid, under the subject Easement Map #7 from Grange Hall Road, stating:

NOTE: For the above three Mapped areas (5, 6, 7) on this page. The aliquot parcels are officially approved and unsurveyed. There is reserved unto the selier, his heirs and assigns, and unto all successors in interest, a perpetual easement over and upon the roadways and easements indicated on the above stated parcels, as a means of access to and from the Chena Hot Springs Road to all other parcels of real estate located within that section.

- e. and that each successful bidder/purchaser must sign the auction Real Estate Contract prepared by local attorney Eugene R. Belland, copies of which are posted around the hall and which are also commonly referred to as a "contract for

EX

a deed"; this contract requires the buyer to pay 15% down and then monthly payments into escrow at the First National Bank of Fairbanks for some years toward the deed escrowed there for future conditional delivery, which deed would be tendered and delivered only upon Buyer's full payment, at which time legal title would pass to buyer.

f. and read aloud that each auction Real Estate Contract also expressly stated at paragraph 3:

Title to said real estate shall be conveyed to the Buyer upon full payment of said purchase price, by Statutory Warranty Deed, subject only to reservations, protective covenants, restrictions and easements of record, and including the benefit and burden of access easements affecting said real estate as shown and described in map of this real estate appearing in Fairbanks Daily News Miner on September 19, 1974 (Pages A-1 thru A-4).
[emphasis added]

14. At the September 28, 1974, auction, in reliance upon the above facts and upon that pre-published **September 19, 1974, Auction Map Tabloid**, and its subject **Easement Map #7 from Grange Hall Road**, my husband and I successfully bid and purchased two adjoining parcels, map #7 Ref. Parcels No. 7-3 and 7-4, the latter fronting upon Grange Hall Road, each with their subject roadway easements over their north-most 33 feet adjoining Section 33 section line, and Ref. 7-4 with its roadway right-of-way on its west-most 33 feet adjoining said section line.
15. After we recorded our Kimmel auction Real Estate Contract on November 6, 1974, (exhibit 3) ^{ck} but before Frontier's second public auction⁴ on November 30, 1974, the subject GRANT OF ACCESS EASEMENT was prepared by Attorney Eugene E. Belland and recorded on November 29, 1974 as Instrument 74-23581 at M. I. Book 47 Pages 454-455, Fairbanks Recording District (copy attached hereto and incorporated herein) as Exhibit "7", referred to hereinafter as the subject "GRANT OF ACCESS EASEMENT recorded November 29, 1974". ^{ck} Also, still have my copy
16. This recording gave notice to non-auction contract purchasers and to all the remaining world; this recording also again detailed the identical roadway easements as previously published in the subject Easement Map #7 from Grange Hall Road—and which were already incorporated in all auction Real Estate Contracts by virtue of their reference in paragraph 3 therein to the September, 19, 1974, Auction Map Tabloid.
17. The said GRANT OF ACCESS EASEMENT recorded November 29, 1974, contained as Exhibit "A" therein at recorded page 455, that identical subject Easement Map #7 from Grange Hall Road with its 33-foot easement on each side of the section lines, found at page A-3 of the subject **September 19, 1974, Auction Map Tabloid** (Exhibit "1", above), showing ingress and egress roadway access to, from and between Grange Hall Road, Pheasant Farm Road and 20-mile CHSR to and for all 31 parcels exactly as shown in easement map #7, and stating, conveyed from:

⁴and before the recording of Johnny Kalina's auction Real Estate Contract on December 6, 1974. (exhibit 4) ^{ck}

ck

"Frontier International Land Corp. ... to Dwane J. Sykes and Patricia Sykes ... for the benefit of their successors⁵ in interest to parcels of real estate shown on the sketch or map annexed hereto as Exhibit "A", a perpetual easement for roadway purposes over and upon the following described real estate...." [emphasis added]

18. There was nothing in the subject GRANT OF ACCESS EASEMENT recorded November 29, 1974, that we and all auction buyers did not already know, and nothing not already incorporated into all auction Real Estate Contracts at paragraph 3.
19. To the November 30, 1974, auction, we took our blind friend, Johnny Kalina, where the similar procedure was followed; but this time also posted to the walls of the auction hall were copies of the subject GRANT OF ACCESS EASEMENT recorded November 29, 1974, the day prior. I believe that auction was conducted by attorney Eugene R. Belland, who we had often used for land transactions. -BK
and announcements
20. We explained all the above facts and easement benefits and burdens to Johnny Kalina and acted as his agents and advisors, since he was legally blind and hard of hearing.
19. At that November 30, 1974, auction, my husband raised his hand and bid for and on behalf of Johnny Kalina, and in like reliance upon that pre-published September, 19, 1974, Auction Map Tabloid, and its subject Easement Map #7 from Grange Hall Road, and also the subject identical GRANT OF ACCESS EASEMENT recorded November 29, 1974, Johnny Kalina purchased map #7 Ref. Parcel No. 7-16 adjoining us on our west; it was likewise subject to roadway easements over its north-most 33 feet of its own Section 32 section line from Grange Hall Road and also its east-most 33 feet.
20. Attached hereto as Exhibits "3" and "4" are our respective Kimmel and Kalina auction Real Estate Contracts, which each contain the pre-printed paragraph 3 easement wording cited immediately above, relating to the subject Easement Map #7 from Grange Hall Road:

- a. Our September 28, 1974, auction contract signed by Donald C. Kimmel and Cossette L. Kimmel as buyers, and Dwane J. Sykes and Patricia Sykes, President and Secretary for Frontier, as sellers, dated and notarized September 28, 1974 by Virginia Hess of Hess Real Estate Auctioneers, and recorded November 6, 1974, as Instrument 74-22163 at MS BK 46 Pg 897 (Exhibit "3" hereto):
 - i. Auction Easement map #7 Ref. Parcel No. 7-3: the NW1/4 NW1/4 NW1/4 NW1/4 Sec. 33, T1N, R4E, F.M. which Parcel 7-3 is now also known as FNSB Tax Lot 3318 (see Tax Lot maps see Exhibits 5 & 6), and -BK
 - ii. Auction Easement map #7 Ref. Parcel No. 7-4: the NE1/4 NW1/4 NW1/4 NW1/4 of Sec. 33, T1N, R4E, F.M., fronting directly on Grange Hall Road, which parcel 7-4 is now also known as FNSB Tax Lot 3353, of said Sec. 33 (Exhibits 5 & 6, hereto);

⁵ Frontier and all auction purchasers and all owners of the former Walker homestead are Sykes' successors.

Ref

Fairbanks Daily News Miner on September 19, 1974 (Pages A-1 thru A-4)."

Those are the identical 33-foot private easements on each side of sections lines and the identical Easement Map #7 from Grange Hall Road as later recorded as Exhibit "A" in the subject GRANT OF ACCESS EASEMENT recorded November 29, 1974, and

- b. In any event, as buyers at the September 28, 1974, auction and its pre-published September, 19, 1974, Auction Map Tabloid and the facts recited above, both I and my husband already had clear, actual, personal knowledge of all the facts of the subject GRANT OF ACCESS EASEMENT well prior to our purchase, and recorded 11-29-1974 BK
- c. Furthermore, we were not entitled to delivery of our deed nor did we receive legal title until our subsequent payment-in-full and personal deed delivery and its recording on or about November 25, 1977, at BK 093 PG 0532. (Exhibit 8 hereto), and BK
- d. Our deed to Lukers was prepared, notarized and recorded by attorney Eugene R. Belland on or about August 6, 1999, as Instrument 019454 at Book 1155 Pages 011-12, Fairbanks Recording District (Exhibit 9, hereto). As our successors-in-interest, both Mr. and Mrs. Luker are bound by the same benefits and the burdens of the roadway easements cited in paragraph 3 of our recorded Real Estate Contract, to the subject Easement Map #7 from Grange Hall Road with its 33-foot easement on each side of the section lines, found at page A-3 of the subject September, 19, 1974, Auction Map Tabloid (Exhibit "1", above) which are identical to the subject "GRANT OF ACCESS EASEMENT recorded November 29, 1974, and its identical Exhibit "A" Easement Map #7 from Grange Hall Road contained therein at recorded page 455, and BK Pre-BK
- e. Our deed to Lukers (Exhibit 9) also stated "SUBJECT, to reservations, restrictions and easements of record..." and BK
- f. Furthermore, at the time of that 1999 sale my husband and I personally told Mr. and Mrs. Luker that both our auction parcels Ref. 7-4 and 7-3, purchased by them, were subject to roadway easements over the north 33 feet adjoining the section line, and that Ref. #7-3 was also subject to the roadway easement on its west 33 feet (as shown in the Easement Map #7 of the September, 19, 1974, Auction Map Tabloid and Exhibit "A" to the subject GRANT OF ACCESS EASEMENT recorded November 29, 1974, Exhibits "1" and "7" hereto, and as stated in paragraph 3 of our September 28, 1974 Real Estate Contract), and BK Exhibit 3
- g. We further personally stressed to Mr. and Mrs. Luker that they could not close, block, lock or restrict travel over our long-existing entry road from Grange Hall Road within the north 33-foot right-of-way over our two 2.5 acre parcels sold to them, nor over the un-constructed 33-foot right-of-ways adjoining the section

67.

TL 3318 ^{6K}

lines of our and their own TL 3208, and that all successors of the parent homestead had unrestricted access over the 33-foot right-of-ways adjoining each section line and other road easements in the subject Easement Map #7.

24. When we sold our 5-acre Tax parcel 3318 by our 1999 deed to Lukers, it became Tax Lot 3353 (into 2.5 acres fronting on Grange Hall Road) and its adjoining parent-Tax Lot 3318 (2.5 acres at NW Section Corner, adjoining Lukers TL 3208 in NE corner of Section 32). ^{33 6K}
25. Prior to our sale to Lukers, we had unity of title. At the time of partition of our 5-acre Tax Lot 3313 into the two 2.5 acre parcels via sale to Lukers, that entry road which we and Johnny Kalina had built over our respective north-33-feet and had used for decades, was clearly visible and could not have been over-looked by Lukers who had also used it for some nine years prior, and it was necessary to access each of our respective residents, as well as other tracts in Sections 28, 29, 32 and 33. ^{6K} *without interruption* ^{6K} *continuously*
26. The above issue of "recording-date priorities" does not arise for the Kalina Tax Lot 3208, purchased by him at the November 30, 1974, auction, to which the Lukers also became successors and are the present owner.
27. That "recording-date priorities" does not arise because the subject "GRANT OF ACCESS EASEMENT recorded November 29, 1974, gave notice to all the world several days before the December 6, 1974, recording of the original Kalina auction Real Estate Contract---though the facts cited above still apply (i.e., Kalina's identical recorded contractual easement citation at paragraph 3; Kalina's prior knowledge of easement obligations; Kalina's deed delivery and legal title transfer attaching years later in 1977(Exhibit 10 hereto); and the Lukers' continuing obligation as successors-in-interest).
28. Our associate, Johnny Kalina, conveyed his adjoining Tax Lot 3208 in 1978 to Bobbie and Teddy Hinkley, who in 1982 conveyed to Ted and Patti Earl, who in 1990 conveyed to George W. Luker and Ji-Lu Hou Luker, the present owners (recorded respectively, March 1, 1978, Book 101 Page 671; June 15, 1982 at Book 263 Page 483; June 26, 1990 at Book 668 Page 177). ^{6K}
29. Johnny Kalina and his respective successors, including Lukers, lived and worked in close association with us. For example, we maintained and snow-plowed our joint roadway together from Grange Hall Road; they carried their residential water from our water well; later the Earls and Lukers built an above-ground water line to their residence from our pump; etc. I believe they likely also told each other in succession of the roadway and easement benefits and obligations described above. I am sure that the Lukers knew of their obligations regarding our Tax Lots 3318 and 3353 and also on Kalina's Tax Lot 3208.
30. We all knew that all successors of the former Walker homestead, including Lukers, are subject to and bound by the benefits and burdens of the private roadway easements as set forth in the subject September, 19, 1974, Auction Map Tabloid (Exhibit "1", above) which are identical to the subject "GRANT OF ACCESS EASEMENT recorded November 29, 1974, and its identical Exhibit "A" Easement Map #7 from Grange Hall Road contained therein at recorded Book 47 Page 455
31. Likewise, everyone one, including Lukers, knew they could not block, lock, or close-off said perpetual, non-exclusive, common, private roadway easements, nor restrict

6K

- entry or access thereto by any other Sykes successor in interest nor other owners and successors in Sections 28, 29, 32 and 33, T1N, R4E, F.M.
32. Furthermore, as to the above-said persons and their **private** easements, it is absolutely **immaterial** whether there exist or do not exist any governmental, federal or state reservations for public highways along the subject Walker homestead section lines (Exhibit 11).
33. It is likewise **immaterial** whether the respective entry or re-entries on the Walker homestead occurred on October 27, 1958, or July 10, 1961, or August 28, 1963 (Exhibit "12"), or whether said controlling entry/re-entry date **was or was not before** the approval of the survey on April 16, 1962, (Exhibit "13" hereto), since existence or non-existence of such **public** easements has absolutely no bearing on the valid **private** easements of the above-said successors and persons in Sections 28, 29, 32, and 33, T1N, R4E, F.M.
34. Homesteaders in the CHSR area were a tight-knit community who worked together, relied on each other, and knew each others "goings on".
35. When I came to CHSR, the road ended ^{about} at 13 mile CHSR, with a mere trail beyond. Later it ended at about 20 mile and Grange Hall Road, where a gravel pit existed near by.
36. Shortly after the Walkers entered their homestead at 20 mile CHSR, Mrs. Walker became gravely ill. Leaving ~~and~~ ^{one} on his homestead, Mr. Walker took his wife and young children outside to the lower 48 states for some years, where Mrs. Walker eventually died.
37. When Mr. Walker later returned, he discovered his house had been totally ransacked, even the walls and coverings striped out, and it was unusable and unlivable. In heart-broken discouragement and despair, he left and again abandoned his homestead for some time, ~~again leaving no one on-site to fulfill the~~ ^{BK}
38. Later he again returned, re-entered and eventually received patent (Exhibit "11").
39. Many other homesteaders in the area were aware of such events, including for example: Alice and Sam McGee, Bob McQuinn, Betty and Jim day, the McKeys, etc.
40. I have read and reviewed the foregoing statements, based on information and recollections which I provided and/or public records made available to me or attached as Exhibits.

ACRESTATES

Conveniently located on Farmer's Loop Road midway between the University of Alaska and Fairbanks city. Just west of Fairbanks Dog Mushers starting chute and NE of Greenc Road. A "stone's throw" from Ski Boot Hill ski resort. Scattered "yeast pocket" playgrounds have been dedicated to the public.

Lot sizes from .50 to 2.6 acres. Roads are almost level - easy to travel in winter with 5 axts. A few lots overlook city and valley to south, but mostly area offers quiet seclusion on gentle south slopes among forest of mixed spruce, birch, aspen - and a fortune's worth of Diamond Willow - plus old homesteaded clearings. Lots selling fast. Five houses starting on Solitude Way and one or two on Breckenridge.

Zoned Rural Residential. Water est. 100-140 feet, quality and flow excellent, some artesian, no one using water softeners. Power lines underway in north portion and existing at southern boundary.

Parts of this subdivision are presently encumbered by deeds of trust recorded in Mort. Vol. 268 Page 644 or Vol. 264 Page 112 or Vol. 265 Page 103. Individual parcels shall be released from such encumbrance not later than the time of payment of the full purchase price of any lot and each deed of trust escrow thereon contains a release clause permitting such parcel release.

Protective Covenants

FRONTIER INTERNATIONAL LAND CORPORATION, an Alaska corporation, being the developer of lots in blocks of that certain subdivision known as SKI BOOT HILLS ESTATES, according to the plat filed September 10, 1974 as Plat No. 74-18 and 74-19, located in Fairbanks Municipality District, State of Alaska, desiring to maintain high minimum standards and to preserve the beauty and enhance the residential and aesthetic character of the subdivision and to protect property owners therein against improper use of other lots in the subdivision which would detract the value of the property does hereby declare and adopt the following protective covenants to be binding and enforceable upon the use of said lots in said subdivision:

1. Land Use. All trees or lots shall be used for residential purposes. No activity shall be carried on thereon which shall be detrimental to the health or safety of the neighborhood. No heavy duty commercial vehicles, machinery, surplus equipment, scrap or unusable and unrecyclable materials shall be stored on any lot at any time. No lot shall be used as maintenance or a dump yard for any purpose.
2. Building Type and Style. All buildings shall be either single family or duplex buildings of good quality workmanship and materials. The height of any building shall not be less than 800 square feet and shall be good quality construction in conformity with normally accepted building standards.
3. Deeds and Encumbrances. These covenants shall run with the land and shall be binding on all property owners and residents for a period of ten years from the date these covenants are recorded, after which time they shall be binding on all subsequent owners.

Every proposed parcel has been cleared through and approved by the Fairbanks North Star Borough. Property is sold subject to reservations and easements of record. Every tract has power and utility access provided and recorded, though not shown on maps. The parent-tracts have existing power lines along or near their borders. Every parcel has legal road right-of-way access provided, as indicated on maps, most of which have been constructed but some which have not. Prospective bidders are encouraged to personally inspect the parcels in advance. Property is sold as is, where is. Rights of correction or modification are reserved.

A 2 1/2 acre aliquot tract is square 330 x 330 feet, more or less; 5 acre aliquot is rectangular 330 x 660 feet. The boundary lines run North-South or East-West. The aliquot tracts and corners are unsurveyed and generally unmarked.

A few parent tracts have continuing easements or other encumbrances, for developmental expenses covering several sub-parcels, all of which have partial release provisions. **EVERY PARCEL CAN BE DEEDED OUT FREE AND CLEAR WARRANTEE DEED AT ANY TIME UPON BUYER'S PAYMENT IN FULL — AT DAY OF AUCTION OR ANYTIME THEREAFTER.**

"ALASKA'S IN A LAND CRUNCH!"

Only about one of every 400 acres is in private hands. The rest is mostly government owned and unavailable. Check the Federal (BLM) Land Office where a large notice states: "No Homesteads. No Headquarters Sites. No Trade & Manufacturing Sites. No Homesteads. NO "OPEN" LAND IN ALASKA. In other words, there is no Federal Land where you may stake a homestead, homestead, headquarters site, or trade and manufacturing site location." And state lands are increasingly unavailable. But you can still get your chunk of Alaska, — where you can create your own lifestyle. The demand for land can only increase — which is why land has always been the world's best investment — or for your own home, or cabin in the boonies. Of course, with sky-rocketing land prices you may be tempted to delay buying your piece of Alaska, feeling you just can't afford today's prices and interest rates — but just wait until next year, if you're still watching from the sidelines. Get up out of the ice fog. Save the commission. Come and bid your own value.

Communities across the nation are doing just that.

An Associated Press survey shows at least 30 states and 40 communities have donated or plan to donate a percentage of the stockpiled food to hungry nations. Most of the food consists of survival crackers and is going to Bangladesh.

The crackers are part of some 160,000 tons of crackers that remain from supplies stockpiled in shelters between 1982 and 1984, according to a civil defense spokesman in Washington. The supplies were turned over to the control of communities where they were stocked.

NATIVE LAND

Whatever be your native land . . . wherever you may dwell . . . I know you hold it highly and . . . I'm sure you love it well . . . be it a flat plateau or range . . . or hills that reach the sky . . . I know it's deep within your heart . . . and will be till you die . . . for something strangely holds us to . . . the land where we were born . . . yes, even those who had to leave . . . when it became war-torn . . . this love of country is no doubt . . . the most outstanding trait . . . deep-rooted in our very soul . . . whatever be our fate . . . for we are just like travelers . . . who chance to drift and roam . . . but when the hourglass drains dry . . . our thoughts are but of home.

The United States of America

To all to whom these presents shall come, Greeting:

WHEREAS, a certificate of the Land Office at Fairbanks, Alaska, is now deposited in the Bureau of Land Management, whereby it appears that pursuant to the act of Congress of May 20, 1862 (12 Stat. 392), and the acts supplemental thereto; the claim of Elbridge B. Walker has been established and that the requirements of law pertaining to the claim have been met, for the following described land:

- Fairbanks Meridian, Alaska.
- T. 1 N., R. 4 E.,
- Sec. 28, S1SW1SW1SW1;
- Sec. 29, S1S1SW1SE1, S1S1SW1SW1;
- Sec. 31, S1SW1, S1SW1SW1;
- Sec. 33, S1SW1SW1.

The area described contains 157.50 acres, according to the official plat of the survey of the said land, on file in the Bureau of Land Management:

NOW KNOW YE, That the UNITED STATES OF AMERICA, in consideration of the premises, DOES HEREBY GRANT unto the said claimant and to the heirs of the said claimant the tract above described; TO HAVE AND TO HOLD the same, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, therunto belonging, unto the said claimant and to the heirs and assigns of the said claimant forever; subject to (1) any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws, and decisions of courts; and (2) the reservation of a right-of-way for ditches or canals constructed by the authority of the United States, in accordance with the act of August 30, 1890 (26 Stat., 391, 43 U. S. C. sec. 845). There is also reserved to the United States a right-of-way for the construction of railroads, telegraph and telephone lines, in accordance with section 1 of the act of March 12, 1911 (39 Stat., 305, 43 U. S. C. sec. 305).

IN TESTIMONY WHEREOF, the undersigned authorized officer of the Bureau of Land Management, in accordance with the provisions of the Act of June 17, 1948 (62 Stat., 476), has, in the name of the United States, caused these letters to be made Patent, and the Seal of the Bureau to be hereunto affixed.

GIVEN under my hand, in the District of Columbia, the NINETEENTH day of NOVEMBER in the year of our Lord one thousand nine hundred and SIXTY-THREE and of the Independence of the United States the one hundred and EIGHTY-EIGHTH.
