

15			Central & Northern Region Boundary		
Discussion:					
This discussion came about due to conflicting information on the boundary between Northern and Central for the Parks Highway. The online map showed MP 168. Northern M&O maintains to 163 in the winter and 156 in the summer. CDS route log shows MP 163 as the boundary.					
Conclusions: The group determined that the MP 168 online was probably a typo and it was supposed to be 163. We all agreed to using 163, Little Coal Creek as the boundary.					
Action items: Change boundary online.		Person responsible:		Deadline:
