RE: Klutina Lake Road (Brenwick-Craig) Right of Way Encroachment
Berming of existing roadway

Dear Mr. Hart:

As you are aware, DOT&PF has management authority over Klutina Lake Road. The right of way width according to AS 19.10.015 is 100 feet (50 feet each side of physical centerline). The full width of this right of way is open and available for public use.

It has been brought to our attention that Ahtna, Inc. has an illegal obstruction that consists of berming across the roadway. Although we recognize Ahtna's right to manage and prevent trespass across their lands beyond the road right of way, the public's use of the road is not to be hindered in anyway.

Ahtna, Inc. will have 15 days from the date of receipt of this letter to remove the berming from the Klutina Lake Road right of way. If this is not accomplished our Maintenance and Operation crews are authorized to do the removal for Ahtna. Ahtna would then be billed for all expenses incurred.

If you have any questions please contact me at 1-800-475-2464.

Sincerely,

Patricia F. Thayer, SR/WA
Right of Way Agent
