Dear Sir:

In reply to your letter of October 22, 1958, we regret to inform you that no work has been programmed for the unfinished portion of the East End road to McNeil's Canyon.

All proposed construction projects for Federal-aid highway funds are submitted to the Territorial Board of Road Commissioners for their concurrence and approval, and, unfortunately, this section of road was not considered at the recent board meeting that established the fiscal year 1960 construction program.
