## Treasurer's Office

Juneau

November 28, 1916.

Honorable J. F. A. Strong,  
Governor of Alaska,  
Juneau.

Dear Sir:

In support of your approval for payment of certain vouchers covering expenditures for construction of shelter cabins on the Pahl-Innachuck trail, Second Road District, I hand you herewith copy of letter from the Road Commissioner transmitting the vouchers to this office and explanatory of them. With such enclosure I also hand you copy of reply to it from this office, the reply advising of the passing of the vouchers for payment and containing instructions for the proper preparation of vouchers that they may be readily approved.

Very truly yours,

*W. G. Smith*  
Territorial Treasurer.

November 28, 1916.

Mr. Daniel A. Jones,  
Territorial Road Commissioner,  
Nome, Alaska.

Dear Sir:

I am in receipt of your letter of the 8th instant enclosing and explanatory of certain vouchers covering expenditures for work and material in construction of shelter cabins on Dahl-Inmachuck trail, payment on such vouchers having been previously refused by this office because of insufficient detail contained therein.

I note that your letter states you talked of the construction of these cabins with Governor Strong, when in Seattle, but the Governor has no recollection of such talk though admits it may have been mentioned in a general conversation. However, with one or two exceptions, these vouchers make no mention of where or for what purpose the expenditure was incurred and, had the Governor a perfect recollection of the conversation, the vouchers could not have been connected up with such expenditure. By taking copies of your explanatory letter and attaching them to the original of each voucher, with reference on the face of the voucher to the matter attached, we have been enabled to pass the vouchers for payment.

These vouchers would have been passed for payment when originally presented if made out in the proper manner. After heading and dating, on the top line of the ~~body~~ of the voucher should be worded as follows: "FOR SERVICES RENDERED ( OR MATERIAL FURNISHED) in construction of shelter cabins on Dahl-Inmachuck trail"; this wording to be followed by the detail. If for services, the character of such should be given, the number of days, dates and amount per day. If for material, the character of such should be given, the date

#2. Dan A. Jones, Road Commissioner, 11/28/16.

furnished, quantities furnished and prices in detail. After this detail, where the work is in such remote places as to make contracting impracticable, necessitating purchase of materials in open market and construction work by days labor, (as in the case under discussion,) certificate to this effect should follow, signed by the Road Commissioner and his assistants. In the case of work done by contract, a copy of such instrument, properly drawn and attached to the voucher, furnished ~~all~~ desired detail.

Recollections of a conversation make a very poor basis for approval of expenditures of money. Every voucher submitted to this office should contain complete detail in itself so that any one <sup>in</sup> examining, now or ten years from now, will know all about the transaction covered. Payment will be refused on vouchers not in compliance with these instructions, which I will ask be communicated to your successor in office.

Very truly yours,

Territorial Treasurer.

Copy for office of  
the Governor.

November 18, 1916.

Mr. Ed. Wood,  
Territorial Road Commissioner,  
Valdez, Alaska.

GOVERNOR'S OFFICE,

RECEIVED

NOV 20 1916

ANSWERED

Dear Sir:

Previous to his approval for payment, Governor Strong has referred to this office, voucher for \$500.00 to J.O. Buard & Oscar Brink for road road work done in the vicinity of Shoups Bay, and forwarded in your letter of Nov. 10th. This voucher together with its various matters found attached is herewith returned for reasons found following.

1. Your signature certifying to correctness of the amount is missing from both original and duplicate voucher.

2. On the next to last page of the contract attached to the voucher the following wording is found:

\*\*\*\*\*; all payments to be made in duplicate vouchers properly signed by the persons performing the labor, forwarded by the party of the first part to the Governor of Alaska, \*\*\*\*\*

As the Territory has nothing to do with the payment to the laborers hired by the contractors, but pays these latter only and to whom the vouchers run, this wording in the contract is not in keeping with our methods of settlement at all, and the voucher cannot be paid so long as the wording appears in the contract. It must be either stricken out, or the words underacored in the above be made to read "the parties of the second part" .

3. Approval and Acceptance of the Assistant Road Commissioners should appear on the contract instead of which we find their names on the vouchers.

When corrections in voucher and contract are made in accordance with the above, the vouchers will be passed for payment. If Assistant Road Commissioners, McDonald & Currie, can be conveniently reached, please have them date and sign a certificate of inspection, approval and acceptance of the work performed under the contract, such certificate to be placed at the end of the contract. If they cannot be easily reached, however, an exception will be made in this instance and the voucher paid without such certificate, inasmuch as their signatures have been placed upon the voucher.

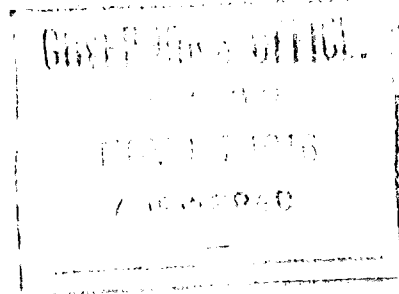

It is presumed that the above voucher is the one referred to in your letter to this office of Nov. 10th, in which you state that vouchers for road work are being mailed to the Governor and that the parties wish the check sent to them in care of the First Bank of Valdez. No names are mentioned in your letter and if these are the parties meant please so advise when corrected matters are returned.

Very truly yours,

OFFICE OF ROAD COMMISSIONER  
ROAD DISTRICT NO 3.

Valdez Alaska, November 10, 1916.

The Honorable J.F.A.Strong.  
Governor of Alaska,  
Juneau Alaska,  
Sir.

I have the honor to submit for your approval  
vouchers covering contract for road work at Sheup's Bay.

Respectfully Submitted,

Mr. E. C. Austin,  
Road Commissioner,  
Ketchikan, Alaska

My dear Mr. Austin:

I beg to acknowledge receipt of your voucher in favor of the Tongass Trading Company for nails for use on the Charcoal Point extension. The Territorial Treasurer suggests to me that an addition should be made to the voucher, showing that the bid had been let to the lowest bidder, and he advises me that he has informed you of this fact.

When this correction shall have been made, kindly return it to this office, and it will be approved and forwarded to the Treasurer for payment.

I am,

Yours very truly,

Dear Governor:-

Your telegram also your letter of August 28th received and contents noted.

I am very much pleased that this money becomes available so early in the season, as it will enable me to push the Charcoal Point Roadway out to the shipbuilding, at least, this Fall.

I feel that I am indebted to you and possibly Colonel Richardson for the early settlement by the Federal Government of this Forest Service account.

Thanking you for the interest you have taken in the matter, I remain,

Very truly yours,

Fourth Judicial Division,

Fairbanks, Alaska

Dear Sir:

I beg to acknowledge receipt of your letter of June 29, enclosing a voucher in favor of Charles Williams, for \$50, for timber furnished in the construction of a bridge over Goldstream Creek.

In reply I have to advise you that, upon submission of this voucher to the Territorial Treasurer, he refused to honor its payment for reasons which he has fully explained to you in his letter of July 18, a copy of which is also on file in this office. For this reason I have not approved your voucher; and I may add that I fully concur in the statements contained in Mr. Smith's letter to you of the above date.
