December 4, 1990

HRW-AK  
410

Steve C. Sisk, Director  
Design and Construction  
Northern Region, Alaska DOT&PF  
Fairbanks, Alaska

Dear Mr. Sisk:

Right-of-Way Surveys, Platting, and Monumentation

John Miller's November 29, 1990 letter asked if the cost of surveying, replatting and remonumenting lots and subdivisions effected by highway projects would be Federal-aid participating. In those cases where the Federal-aid highway project caused a modification in a lot and/or subdivision, the cost of replatting and monuminting for these lots would be eligible for Federal-aid participating.

Sincerely yours,

Robert E. Ruby  
Division Administrator

By: Gary E. Wilson  
Division Right-of-Way Officer
