September 26, 1938.

Mr. Ed. Wilkinson,
Foreman, A. R. C.,
Hot Springs, Alaska.

Dear Sir;

Reference y~~a~~ur letter of September 22, as far as I know at this time we will do no work on the Miller Creek Aviation Field.

As near as I can estimate at this time your balance on September first was \$3100.00. You say your payroll for September will approximate \$1386.00 and your local purchases \$100.00 which would be a total expensiture for September of \$1486.00 dollars. If this is correct your balance on October first will be approximately \$1614.00. Which means that you can work practically all the month of October, provoding of course you use the same size crew as in September. Send in your September time book and bills as soon as possible so that we can let you know just where you stand. Will get down there just as soon as possible after your September Time book and bills are received.

Very truly yours

Frank Nash
Supt.
