Mr. Frank Nash
Superintendent, A. R. C.
Fairbanks, Alaska

Dear Sir:

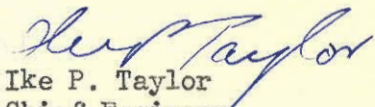

Operations Orders for your district covering the Hot Springs-Eureka Road stated that some work would be done above the airfield, which had been requested by Whitehead. Mr. Hesse has inquired if this work has been done as Whitehead made the request to him directly.

Please advise if either you or Wilkinson talked to Whitehead or if any work was done in the way of repairing the road between the airfield and the operations on Pioneer Creek.

If this has not been done, would it be practicable for Wilkinson to go up there and do a little work from his present camp?

Mr. Hesse indicates that he will be willing to put up a little more money if he knows how much the additional work will cost.

Very truly yours,

Ike P. Taylor
Chief Engineer

CC Mr. Hesse
