May 23 1947

Frank Nash
Fairbanks, Alaska

Dear Frank:

Enclosed are the time sheets for Al Fredlund and Fred South and other necessary papers. I will not be able to get Tom Dean for awhile as I can't drive out there yet.

I will send in papers for the rest of the crew soon.

I think we will start working next Monday, getting the trucks out and servicing them, and also servicing the "cat". We will work on the landing road for a few days until the other roads dry out a little more.

If you have some time sheets, would appreciate your sending some.

Very truly yours,

Robert A. Isaacson
