

DEPARTMENT OF THE INTERIOR
ALASKA ROAD COMMISSION
FAIRBANKS ALASKA

August 19, 1947

Mr. Louis Anderson,
Hot Springs, Alaska.

Dear Sir:

Reference your recent inquiry in regard to the Alaska Road Commission tearing down and using one of your cabins near Tofty for bridge work.

As advised you verbally, I cannot see any reason why such a thing should have been done as an old cabin (20 years or more) would not contain any timber suitable for bridge work.

While at Hot Springs, I made inquiries regarding this matter and all questioned advised that they knew nothing of the Alaska Road Commission using any cabin for such a purpose.

Mr. Otta G. Bayless, who was foreman down there last year, advises that he did not tear down or use any cabin material for any bridge work.

Very truly yours,

Frank Nash,
Superintendent
