

U.S. Department
of Transportation
**Federal Highway
Administration**

Memorandum

OFFICE OF THE CHIEF COUNSEL

Subject: Federal Land Transfer (FLT)
Highway Easement Deed:
Project No:

Date:

From: Agency Counsel,
Western Legal Services
San Francisco, CA

To: State Division
Office

The subject file contains a request by the State Department of Transportation for acquisition of approximately 43 acres of permanent easement for the operation, maintenance, and reconstruction of a segment of State Highway, pursuant to 23 U.S.C. § 317. I have reviewed the deed for the transfer of land for the above-referenced project from the United States Department of Interior, Bureau of Land Management, to the State Department of Transportation. It is my opinion that the deed is legally sufficient and may be executed.
