Hi Don and Judy:

Here are some of the documents associated with the land conveyance you are working on. I am attaching copies of both patents, an abstract for the case file J 012162, an order form for NARA and a copy of the PLO 842. Since the abstract says the case was transferred to NARA, I completed the form you will need to contact NARA and request a copy of the case file. We cannot order NARA case files for you because there will be a fee to copy it for you. You should be able to order an pay for this on line.

If you need any more information, feel free to give me a call.

Thanks for contacting BLM.
