

## Section Line Easements: Sections 5, 8, and 17 T15N R4W Seward Meridian

Section Line Easements (SLEs) are lands reserved to the public for highway purposes that generally runs along a surveyed section line established as a part of the rectangular survey system. The SLE may be based on a federal grant or a state statute which results in varying rules for establishment and varying widths.

In the case of Sections 5, 8, and 17 we will assert that section line easements exist per Alaska Statute 19.10.010 between Pt. MacKenzie Road and the North-South Section lines on the west side of Sections 4, 9, and 16 shown in this area:

### AS 19.10.010 Dedication of Land For Public Highways.

*A tract 100 feet wide between each section of land owned by the state, or acquired from the state, and a tract four rods wide between all other sections in the state, is dedicated for use as public highways. The section line is the center of the dedicated right-of-way. If the highway is vacated, title to the strip inures to the owner of the tract of which it formed a part by the original survey. (effective July 1, 1960)*

**Overview**

Sections 5, 8, and 17 were first officially identified on the USDI Official Protraction Diagram in 1965 (See Exhibit A). The State acquired title to these lands from the USA via Patent 50-66-0476 (See Exhibit B). Section line easements attached to the section lines at this time per AS 19.10.010. There has been no vacation process on the subject section line easements.

To all to whom these presents shall come, Greeting:

WHEREAS, a certificate of the Land Office at Anchorage, Alaska, is now deposited in the Bureau of Land Management, whereby it appears that pursuant to the grant of lands under the Act of Congress of July 28, 1956 (70 Stat. 711), as supplemented by the Act of July 7, 1958 (72 Stat. 339), the State of Alaska has selected the lands embraced in U. S. Survey No. 3942, situated mostly in Townships 14 and 15 North, Range 5 West, Seward Meridian, in the Susitna River Valley, Alaska; and the following described lands:

### Seward Meridian, Alaska.

This is to certify that this is a true and correct copy as the same appears in the records of the Department of Natural Resources.

The areas described aggregate 49,094.49 acres, according to the Official Plats of the Surveys of the said Lands, on file in the Bureau of Land Management:

NOW KNOW YE, That the UNITED STATES OF AMERICA, in consideration of the premises, and in conformity with the said Act of Congress, HAS GIVEN AND GRANTED, and by these presents DOES GIVE AND GRANT, unto the said State of Alaska, and to its assigns, the tracts of Land above described; TO HAVE AND TO HOLD the same, together with all the rights, privileges, immunities and appurtenances, of whatsoever nature, thereunto belonging, unto the said State of Alaska, and to its assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local customs, laws and decisions of courts; and there is reserved from the lands hereby granted, a right-of-way thereon for ditches or canals constructed by the authority of the United States.

There is also reserved to the United States a right-of-way for the construction of railroads, telegraph and telephone lines in accordance with the Act of March 12, 1914 (38 Stat. 305; 48 U.S.C. Sec. 305)

Patent Number 50-66-0476

Except that this patent shall not convey the oil and gas rights in the following lands until the oil and gas leases listed shall terminate or be relinquished, but upon such termination or relinquishment of the said leases, all the rights and interests to the oil and gas deposits in the said lands shall automatically vest in the patentee.

As to the following lands, this entry is made under Section 29 of the Act of February 25, 1920 (41 Stat. 437) and the Act of March 4, 1933 (47 Stat. 1570) and the patent is issued subject to the rights of prior permittees or lessees to use so much of the surface of the said lands as is required for mining operations for the duration of the leases and any authorized extensions thereof, without compensation to the patentee for damages resulting from proper mining operations.

(2) If the patentee or its successor in interest does not comply with the terms or provisions of Title VI of the Civil Rights Act of 1964, and the requirements imposed by the Department of the Interior issued pursuant to that title, during the period during which the property described herein is used for the purpose for which the grant was made pursuant to the act cited above, or for another purpose involving the provision of similar services or benefits, the Secretary of the Interior or his delegate may declare the terms of this grant terminated in whole or in part.

(3) The patentee, by acceptance of this patent, agrees for itself or its successors in interest that a declaration of termination in whole or in part of this grant shall, at the option of the Secretary or his delegate, operate to revert in the United States full title to the lands involved in the declaration.

(4) The United States shall have the right to seek judicial enforcement of the requirements of Title VI of the Civil Rights Act of 1964, and the terms and conditions of the regulations, as modified or amended, of the Secretary of the Interior issued pursuant to said Title VI, in the event of their violation by the patentee.

(5) The reservations, conditions, and limitations contained in paragraphs (1) through (4) shall constitute a covenant running with the land, binding on the patentee and its successors in interest for the period for which the land described above is used for the purpose for which this grant was made, or for another purpose involving the provisions of similar services or benefits.

The assurances and covenant required by secs. 1-5 above shall not apply to ultimate beneficiaries under the program for which this grant is made: "Ultimate beneficiaries" are identified in 43 CFR 17.12(h). (1965 Edition).
